XIV. TERMINATION:

A. FOR CAUSE:

If Contractor, including his agents, employees, subcontractors, independent contractors and/or independent contractors retained pursuant to this agreement, (1) is adjudged as bankrupt, (2) makes a general assignment for the benefit of his creditors, (3) has a receiver appointed on account of his insolvency, or (4) persistently or repeatedly refuses or fails, in cases for which extension of time in writing is provided, to supply enough properly skilled workmen or proper materials, fails to make prompt payment for materials or labor, persistently disregards laws, ordinances, or instructions of the County Engineer, ceases operations under this Contract at any time or otherwise is guilty of a substantial violation of any provision of this Contract, then the PBA, upon certification of the County Engineer that sufficient cause exists to justify such action, may, without prejudice to any other right or remedy and after giving Contractor and his surety written notice, terminate the employment of contractor, take possession of the premises and of all materials, tools, and appliances thereon, and finish the work by whatever method the PBA may deem expedient. In such case, Contractor shall not be entitled to receive any further payment until the work is finished. If the unpaid balance of the Contract price exceeds the expense of finishing the work, including compensation for additional material and administrative services, such excess shall be paid to Contractor. If such expense exceeds the unpaid balance, Contractor shall pay the difference to the PBA. The expenses incurred by the PBA, as herein provided, and the damage incurred through Contractor's default shall be certified by the County Engineer.

B. FOR CONVENIENCE

If the County Engineer determines that a termination is in the PBA 's interest, the PBA may terminate the entire Contract or any portion of the Contract. The County Engineer will provide a written notice of termination to the Contractor specifying the extent of termination and the effective date. After receipt of a notice of termination, the Contractor shall immediately proceed with the following obligations: (1) Stop work as specified in the notice, (2) Place no further subcontractors or orders for materials, services, or facilities, except as necessary to complete the continued portion of the Contract, (3) Terminate all subcontractors to the extent they relate to the work terminated, and (4) Settle all outstanding liabilities and termination settlement proposals arising from the termination of the Contract. If the County Engineer orders termination of all or part of the Contract effective on a certain date, the PBA will pay for completed work at the prorated square footage as of that date.

XV. ACCEPTANCE OF WORK: No act of the PBA, or of any representative, in superintending or directing the work, or any extension of time for the completion of the work, shall be regarded as an acceptance of such work or any part thereof, or of materials used therein, either wholly or in part. Acceptance shall be evidenced only by the Final Resolution approved by the PBA. Before any final resolution will be allowed, Contractor will be required to swear to and sign a statement of all claims on account of work done and materials furnished under this Contract and that all claims for materials provided or labor performed have been paid and set aside in full. No waiver of any breach of this Contract by the PBA or any acting on its behalf shall be held as a waiver of

any other subsequent breach thereof. Any remedy provided herein shall be taken and construed as cumulative.

- XVI. COMPENSATION: The PBA shall pay and Contractor shall receive the prices stipulated in the proposal which is incorporated and made a part of this contract, as full compensation for everything furnished and done by Contractor under this contract, including all loss or damage arising out of the work or from the action of the elements; for any unforeseen obstruction or difficulty encountered in the prosecution of the work; for all risks of every description associated with the work; for all expenses incurred due to the suspension or discontinuance of the work; and for well and faithfully completing the work as herein provided.
- XVII. PROGRESS AND FINAL PAYMENTS: Partial payments will be made to Contractor for completed engineering and architectural drawing and specifics, material on hand and work performed at Contractor's request but in any event not more often than monthly.
- A. On final completion of the work and settlement of all claims, owner shall pay Contractor the remainder of the contract price. Provided, there shall be retained from such final payment, or from any payments due contractor under this contract, all amounts that may be expended by the PBA for work done or materials furnished in carrying out any of the work done under this contract that Contractor has failed to do to the satisfaction of the designated agents of the PBA; all amounts that may be necessary to pay for labor, tools, plant, and materials engaged and used in the work and for which Contractor has failed to pay; by the terms of the contract or any laws of the State of Oklahoma, the PBA is or may be authorized to reserve and retain.
 - B. Acceptance by Contractor of the final estimate and the final payment by the PBA to Contractor shall be a release of the PBA from all claims and liabilities to Contractor for anything done or furnished for or relating to the work, or for any act, neglect, fault, or default of the PBA or of any person relating to or affecting the work.
 - C. Five percent (5%) of all partial payments made shall be withheld as retainage. At any time the Contractor has completed in excess of fifty percent (50%) of the total Contract amount as certified by the architect, the retainage shall be reduced to two and one-half percent (2.5%) of the amount earned to date if the Owner has determined that satisfactory progress is being made, and upon approval by the surety. A detailed list of materials suitably incorporated or stored on site must accompany each request for payment.
 - D. Invoices will be issued by Contractor for all work performed under terms of this Contract. Invoices are due and payable on receipt.
 - E. The Contractor, including his agents, employees, subcontractors, independent contractors and/or independent contractors retained pursuant to this agreement, shall keep an accurate record of each workman showing his name, address, social security number, work classification, hourly wage paid, total paid, overtime hourly wage paid, and the occupation of each workman employed by them, in connection with the project, and showing also the actual wages paid to each workman, which record shall be certified and shall be open at all reasonable hours to the inspection of the PBA, its officers and agents at the principal office of the Contractor. Upon completion of the project, the Contractor, including his agents, employees, subcontractors, independent contractors and/or independent contractors retained pursuant to this agreement, shall forward a certified copy of the records to the PBA.

- XVIII. INCORPORATION OF PROVISIONS REQUIRED BY LAW: Each provision and clause required by law to be inserted in this contract shall be deemed to be inserted herein and the contract shall be read and enforced as though each were included herein. If through mistake or otherwise any such provision is not inserted or is not correctly inserted, the contract shall be amended to make such insertion on application of either party.
- XIX. MODIFICATIONS: The PBA may modify this contract with respect to the arrangement, character, alignment, grade, or size of the work or appurtenances whenever in its opinion it shall deem it necessary or advisable to do so. Contractor shall accept such modifications when ordered in writing by the County Engineer and approved by the governing board. Any such modifications shall not subject contractor to increased expenses without equitable compensation which compensation shall be determined by the County Engineer and by the governing board. If any modification results in a decrease in the cost of work involved, an equitable deduction from the contract price shall be made. Such deductions shall be determined by the County Engineer. The determination of any such additional compensation or deduction shall be based on the bids submitted and accepted. No modifications in the work shown on the plans and described in the specifications shall be made, unless the nature and extent thereof has first been certified by the County Engineer in writing and sent to Contractor.
- XX. COMPLETENESS OF CONTRACT: The written terms and provisions of this contract shall supersede all prior verbal statements of any officer or other representative of the PBA, and such statements shall not be effective or be construed as entering into or forming a part of, or altering in any manner whatsoever, this contract or the contract documents.

 - C. If Contractor, including his agents, employees, subcontractors, independent contractors and/or independent contractors retained pursuant to this agreement, fails to proceed promptly to comply with the terms of any guaranty under this contract, Contractor, including his agents, employees, subcontractors, independent contractors and/or independent contractors retained pursuant to this agreement, agrees that the PBA may have such work performed as the PBA considers necessary to fulfill such guaranty or may allow the damage or defective work to remain as it is. In the first instance, Contractor shall promptly pay the PBA such sums as were expended in fulfilling the guaranty; in the second instance, he shall promptly pay the PBA such sums of money as it would have been necessary to expend to fulfill them. Usual wear and tear and the results of accidents not

chargeable to Contractor, including his agents, employees, subcontractors, independent contractors and/or independent contractors retained pursuant to this agreement, and are excepted from the above requirements. Everything necessary for the fulfillment of any guaranty must be done without any expense to the PBA.

XXII. GOVERNING LAW: The Contract shall be governed by the law of the place where the Project is located, that being the State of Oklahoma.

XXIII. OWNER IS A SUBDIVISION OF THE STATE OF OKLAHOMA

A. It is expressly understood that the PBA under this Contract is a subdivision of the State of Oklahoma and consequently may only contract within the limitations provided by the Oklahoma law. Notwithstanding any other provision to the contrary hereinbefore set forth, the provisions of this Article shall control any other provision of this Contract.
