This statement was prepared for your exclusive use to provide you with a detailed record of information for the period covered by this report. Please review your statement promptly and report any discrepancies promptly. Market values and estimates are not guaranteed but have been obtained from sources that BOK Financial believes to be reliable. The gain/loss and income figures presented are preliminary and are subject to change and should therefore not be used for tax preparation. Values of certain thinly traded securities are estimates and the actual value might be lower or higher. Estimated Annual Income and Current Yield are estimates and the actual income and yield might be lower or higher. Estimated Annual Income and Current Yield for certain types of securities could include a return of principal or capital gains in which case the Estimated Annual Income and Current Yield would be overstated. Current Yield is based upon Estimated Annual Income and the current price of the security and will fluctuate. This statement may include assets that are not held or managed by BOK Financial. Assets that are not held or managed by BOK Financial are listed solely for the convenience of the client. BOK Financial has no responsibility to maintain, monitor or value such assets. BOK Financial will furnish a written confirmation of any securities transaction covered by this statement within a reasonable time after your written request.

BOK Financial utilizes the services of its affiliated registered investment advisor, Cavanal Hill Investment Management, Inc. ("CHIM"), to provide sub-advisory services and to process trades on behalf of client accounts and in common collective funds, where appropriate. CHIM receives research or other benefits provided by broker-dealers as a result of commissions generated from securities transactions executed by such broker-dealers on behalf of client accounts and within their mutual funds. In selecting broker-dealers, CHIM considers the value of research and additional brokerage products and services the broker-dealer has provided or will provide to CHIM. Receipt of these additional products and services are considered to have been paid for with soft dollars. In other words, CHIM will select brokers on the basis of considerations that are not limited to commission rates, which may at times result in higher transaction costs than may otherwise be obtainable. Products and services that CHIM receives from broker-dealers include research data and analyses, financial publications, recommendations, or other information about particular companies and industries (through research reports and otherwise) that provide lawful and appropriate assistance to CHIM in the investment decision-making process. Investment

research and brokerage services received as a result of soft dollar payments may benefit clients whose brokerage commissions did not generate the soft dollars used to pay for such services. The receipt of economic benefits may create a conflict of interest. In accordance with regulatory requirements, CHIM has instituted certain procedures governing soft dollar relationships, including preparation of a brokerage allocation budget, annual evaluation of soft dollar relationships, and an annual review to ensure adequate disclosures of conflicts of interest regarding CHIM's soft dollar relationships. Please visit www.cavanalhillim.com to review CHIM's ADV for more information regarding soft dollars and the benefits received by CHIM.

CHIM also provides investment advisory and other services to the Cavanal Hill Funds; Cavanal Hill Distributors, Inc. acts as the distributor for the Funds and BOK Financial serves as the custodian for the Funds; CHIM, Cavanal Hill Distributors, Inc. and BOK Financial receive fees for their services. These fees are described in the prospectuses for the Funds, a copy of which may be obtained from your account administrator, online at www.cavanalhillfunds.com or by calling 1-800-762-7085. For questions on how your specific account is affected by these fees, please contact your account administrator.

BOKF Entities may collect certain payments from mutual funds held by the account and in common collective funds, which may include the Cavanal Hill Funds. Payments from mutual funds, including administration fees, sub-transfer agent fees, shareholder servicing fees, 12b-1 fees, custodial fees, and investment management or advisory fees may be retained by BOKF Entities. These payments are described in the prospectuses and other SEC filings related to mutual funds which are available online at www.sec.gov/edgar/searchedgar/companysearch.html.

In addition, some mutual fund advisers, distributors, or other entities make revenue share or other supplemental payments to BOK Financial. These payments are based on the amount of the fund's shares sold by or owned by BOK Financial's clients and are paid from the entity's revenues or profits, not from the fund assets. The payments will not change the net asset value or price of a fund's shares. BOK Financial's Fiduciary Officers do not receive additional compensation from revenue sharing payments paid to BOK Financial on fund shares held in discretionary accounts.

BOK Financial may receive certain rebates of fees in association with alternative investments. Rebated fees may be used to cover internal costs to support the review and periodic rebalancing of alternative investments held in accounts. These fees are described in the subscription documents, a copy of which may be obtained from your account administrator.
