

Juvenile Detention Improvement Revolving Fund Application

Date: 7/17/2024

Detention Center: Oklahoma County

Project Title: Increasing Security - D-Commons

Description:

~~List project description here - must be to improve safety, security and/or quality of life.~~
Adding dividers to finish up D-2, D-3 & D-4 Units. D-1 Unit already has the dividing wall and door to help w/managing behavior.

Justification:

Why it is critical that this project be funded - how does this improve safety, security and/or quality of life. With increase of violent offenders, we have seen an increase of bullying, altercations, damage to property and threats to ward staff.
By adding the dividing walls and doors, will allow us to effectively manage behavior, and allow the residents to receive their (12) hour out time without disruption.

Budget Narrative (attach spreadsheet):

Note that there is a 15% match requirement and this would be paid on a cost reimbursement basis.
Quote is attached.

To the best of my knowledge, the information in this application is accurate.
